

Second Grade

We have been working on many different reading skills. Please continue reading with your child every night. Remember, your child will benefit from reading other books, not just our weekly stories.

The second graders are working very hard on story writing. We would encourage you and your child to practice writing at home. Please emphasize capitalization, punctuation and

and staying on topic.

Please remember how important it is to continue practicing addition and subtraction facts, counting money and telling time.

We have started writing in cursive.

We are beginning a dinosaur unit and continuing to work on map skills.

Reminders:

Children **MUST** return their homework each day.

Parents, please check assignment pads nightly.

We are always in need of pencils and wipes. Please consider donating these items to the class.

Thank you so much,

The Second Grade Teachers
