

**Grade 4
Fall 2007**

Ms. Franks, Miss Koci, Mrs. Pontrella, Mrs. Balitsos

<p>Language Arts</p> <p>Reading! Reading! We have read various types of literature. Writing! Writing! We continue practicing a variety of writing forms using picture and poetry prompts, personal narratives, and persuasive and explanatory writing...all of this in preparation for the NJ ASK Test in March.</p>	<p>Math</p> <p>We've learned all about Geometry! Now we are reviewing our addition and subtraction facts, and adding and subtracting greater numbers. We will soon be exploring using data and probability. Open-ended questions and problems are always part of our classes. Keep practicing basic multiplication and division facts!!</p>
<p>Science</p> <p>We are completing our chapter on ecosystems! Next we will learn all about the forces that effect weather. formation of clouds, and the water cycle. We'll also be discovering storm types and their effects on the environment and our lives.</p>	<p>Social Studies</p> <p>Map skills have been fun! We've explored the regions of NJ and its relationship to the country and the world. Next, we will learn about NJ's place in the making of our new country from 1776-1804.</p>
