Afterthoughts
Sara Holbrook

Thoughts love.
They look.
Eye-brood
    or smile.
Thoughts blurt,
race-rush,
    or wait a while.

Thoughts trapped inside,
may blame
    and boil.
Review. React.
    Relate. Recoil.
Thoughts expressed
may find a way
to take a stand,
    find solutions,
lend a hand.

Thoughts
that can't find words
exist,
    resist,
    insist
    unheard.
