

The COVID-19 crisis is a stressful time for our students. Our School Counseling Department will be available to provide support to students by appointment between 9am-2pm. Please see the School Counselor contact information below. Email your counselor to schedule a time to connect via phone or Google Meet.

Due to the very nature of an online learning environment, the provision of phone or online counseling presents logistical and ethical challenges. It is important to note that we cannot completely "ensure" confidentiality in an online setting given our limitations. However, our counselors are making all possible efforts to work towards this ideal.

**In case of an emergency, call 911 or go to the nearest emergency room. Perform Care Child Mobile Response can also be contacted by a parent/guardian to respond to your home in an emergency by calling (877) 652-7624 (24 hours).*
