## Unit 1

### Performance in Vocal Music

#### Summary and Rationale

##### Unit Summary

This unit contains the musical skills and tools that students need to engage in the artistic process of choral performing independently and collaboratively at the **advanced** level.

The students will build vocal technique, sight reading skills, and explore different forms of musical expression through teacher chosen exercises and repertoire. Regular performances for audiences of peers, family, and community members provide students with an opportunity for reflection on their progress in the realms of vocal technique, musical literacy, and musical expression.

##### Unit Rationale

Students in Chamber Singers Honors need to become artistically literate through expressing and realizing creative ideas when performing a variety of musical skills, techniques, and repertoire, therefore, giving them the necessary tools to advance to higher grade level repertoire.

#### Standards

**NJ: 2020 SLS: Visual and Performing Arts - Music Ensembles - NJ: Advanced ([link](#))**

##### Anchor Standard 4: Selecting, analyzing and interpreting work

1.3C.12adv.Pr4a	Develop and apply criteria to select varied programs to study and perform based on an understanding of theoretical and structural characteristics and expressive challenges in the music, the technical skill of the individual or ensemble and the purpose and context of the performance.
1.3C.12adv.Pr4b	Examine, evaluate, and critique, using music reading skills (where appropriate), how the structure and context impact and inform prepared and improvised performances.
1.3C.12adv.Pr4c	Demonstrate how understanding the style, genre and context of a varied repertoire of music informs prepared and improvised performances as well as performers' technical skills to connect with the audience.

##### Anchor Standard 5: Developing and refining techniques and models or steps needed to create products.

1.3C.12adv.Pr5a	Develop, apply, and refine appropriate rehearsal strategies to address individual and ensemble challenges in a varied repertoire of music.
<b>Anchor Standard 6: Conveying meaning through art.</b>	
1.3C.12adv.Pr6a	Demonstrate an understanding and mastery of the technical demands and expressive qualities of the music through prepared and improvised performances of a varied repertoire representing diverse cultures, styles, genres, and historical periods in multiple types of ensembles.
1.3C.12adv.Pr6b	Demonstrate an ability to connect, engage and respond to audiences through prepared and improvised performances.

---	---

- How to read and notate music that incorporates rhythmic patterns in simple, compound, and asymmetric meters;
- Interpret music symbols and expressive terms referring to dynamics, tempo, and articulation.

### **Creative Expression**

- How to demonstrate mature, characteristic sound appropriate for the genre;
- How to demonstrate psychomotor and kinesthetic skills such as appropriate posture, breathing, text, diction, articulation, vibrato and phrasing.
- How to demonstrate rhythmic accuracy using appropriate tempo;
- How to demonstrate correction intonation, appropriate phrasing, and appropriate dynamics;
- How to create and notate or record original musical phrases.
- How to demonstrate mature, characteristic sound appropriate for the genre while sight singing;
- How to demonstrate psychomotor and kinesthetic skills such as appropriate posture, breathing, text, diction, articulation, vibrato and phrasing while sight singing;
- How to demonstrate rhythmic accuracy using appropriate tempo while sight singing;
- How to demonstrate observance of key signature and modalities while sight singing;
- How to demonstrate use of a melodic reading system such as solfege, numbers, letter names, note names, or scale degrees while sight singing;
- How to demonstrate correct intonation, appropriate phrasing, and appropriate dynamics while sight singing.

### **Historical and cultural relevance**

- How to compare and contrast music by genre, style, culture, and historical period;
- How to identify music-related vocations and avocations;
- How to identify and describe the uses of music in societies and cultures;
- How to identify and explore relationships between music and other academic disciplines;
- How to identify and explore the impact of technologies, ethical issues, and economic factors on music, performers, and performances;

- Read and notate music that incorporates rhythmic patterns in compound meters (3/8, 6/8, 9/8, 12/16, etc.).
- Read and notate music that incorporates rhythmic patterns in asymmetric meters (5/8, 7/8, etc.).
- Define terms relating to tempo (eg. allegro, rit., adagio, accel., etc).
- Define terms relating to dynamics (forte, pianissimo, crescendo, dim., etc.).
- Describe the meaning of various types of articulation (staccato, legato, marcato, tenuto).

### **Creative Expression**

- Perform with a mature, characteristic vocal sound.
- Perform with correct articulation and demonstrate correct posture when singing.
- Perform/sing various rhythms and in tempo.
- Accurately sing in major/minor keys based on their observance of key signatures.
- Demonstrate correct intonation and adjust to match pitch with section.
- Demonstrate appropriate dynamics and phrasing.
- Create original musical phrases by using notation or audio recording.
- Perform with a mature, characteristic vocal sound while sight singing.
- Perform with correct articulation and demonstrate correct posture while sight singing.
- Perform/sing various rhythms and in tempo while sight singing.
- Accurately sing in major/minor keys based on their observance of key signatures while sight singing.
- Demonstrate correct intonation and adjust to match pitch with section while sight singing.
- Demonstrate appropriate dynamics and phrasing while sight singing.
- Create original musical phrases by using notation or audio recording.

### **Historical and cultural relevance**

- Compare and contrast music of different genres, styles, cultural and historical periods.
- Identify music-related vocations and avocations.
- Describe and discuss various uses of music in societies and cultures.
- Make connections between the study of music and other academic disciplines.

- How to identify and explore tools for college and career preparation such as social media applications, repertoire lists, auditions, and interview techniques.

### **Critical evaluation and response**

- How to practice informed concert etiquette as a performer and as an audience member during live and recorded performances in a variety of settings;
- How to design and apply criteria for making informed judgements regarding the quality and effectiveness of musical performances.
- How to develop processes for self-evaluation and select tools for personal artistic improvement;
- How to evaluate musical performances by comparing them to exemplary models.

### **Ensemble Skills**

- How to develop constant awareness of the changing nature of one's role within the ensemble and the relationship to those around them.

### **Poetic Analysis**

- How to analyze a poem and speak intelligently about poetic structure, feet, and form to get as near to the composer's process/intent.
- Make connections between emotive ideas and artistic concepts represented textually within their musical realizations.
- Understand that the way texts are painted musically are dependent upon stylistic conventions.

### **Embodying the Music**

- Body language, facial expressions, and our subsequent perception of a performer's commitment, mastery, or insecurity all impact the perception of a listener.

- Identify and explore the impact of technologies, ethical issues, and economic factors on music, performers, and performances.
- Identify tools for college and career preparation such as auditions, repertoire lists, interview techniques, and social media applications.

### **Critical evaluation and response**

- Describe and demonstrate appropriate concert etiquette as a performer and as an audience member.
- Discuss the differences in concert etiquette in a variety of settings
- Discuss various criteria for making judgments about the quality of music performances.
- Make informed judgements regarding the quality and effectiveness of musical performances.
- Develop and write processes for self-evaluation.
- Select tools for personal artistic improvement.
- Evaluate musical performances by comparing them to exemplary models.

### **Ensemble Skills**

- Cultivate awareness of the ensemble by coordinating final consonants, balancing to the melodic line or to the group as a whole, and tuning.

### **Poetic Analysis**

- Identify poetic form in text, imagery, metaphor and other poetic devices such as alliteration, assonance, and metonymy.
- Discuss how the construction of a poem and work play might influence the reader's perception of time.
- Identify moments of text painting in a piece of music and heighten this connection through an informed performance.
- Place important choral art within a historical context to deepen their understanding and interpretation.

### **Embodying the Music**

- Develop an awareness of the mind, voice and body connection to better connect with and embody music in practice and performance.
- Explore connections between impulse and their own life experiences.

- Discuss how the message of a piece should be conveyed not just in sound, but in our body language

### Tier 1 Modifications and Accommodations

*Including special education students, Multilingual Language Learners (MLLs), students at risk of school failure, gifted and talented students, and students with 504 plans*

Special Education/IEP/504 - Modifications and accommodations must be aligned to the stated plan and uphold expectations of the plan lawfully. Every student requires a different set of accommodations based upon need. Examples specific to performing arts practice include, but are not limited to:

- Follow individual IEP/504 plans for specific modifications.
- Preferential seating
- Extended/Additional time for assessments
- Behavior management support
- Assignments/resources in electronic and physical format
- Break down assignments with oral directions, written directions, and visuals.
- Provide frequent reminders to stay on task and reinforce on-task behavior
- Work on organizational skills
- Provide visual supports
- Partnering/Grouping of students
- Re-teaching and review
- Multi-media approach to accommodate various learning styles
- Decrease/Modify number of project requirements
- Teacher/Aide/Para assistance
- Demonstrations of techniques on an individual level
- Show slide presentations to encourage exploration of project ideas

MLL - Teachers identify the modifications that they will use in the unit as related to the needs of their student population.

Examples specific to performing arts practice include, but are not limited to:

- Allow the use of Google Translate where appropriate.
- Provide alternate ways for the student to respond (verbal/pictographic answers instead of written)
- Provide model sentence frames and sentence starters for both oral responses and written responses
- Provide additional time to complete assessments and assignments
- Model and use gestures or visuals to aid in understanding
- Present instructions both verbally and visually
- Simplify written and verbal instructions
- Speak clearly and naturally, and try to enunciate words, especially their ending sounds.
- Provide Visual, Graphic, Interactive, and/or Sensory Supports

- Simplify the language, format, and directions of the assessment
- When showing videos, use Closed Captioning.
- Support use of student's primary language by translating key words in directions, or key vocabulary terms or giving students opportunities to communicate in their primary language (written or orally)

Gifted and Talented/Enrichment - Utilize differentiation in the areas of acceleration, enrichment, and grouping. Examples specific to performing arts practice include, but are not limited to:

- Complex, in-depth research assignments
- Independent study where applicable
- Provide a variety of individualized work centers or student choice
- Lead demonstrations for class
- Create additional project(s) in a different medium, exploring a different technique, style, or subject.
- Individual presentation
- Multiple mediums in project

### [Career Readiness, Life Literacies, and Key Skills Practices \(June 2020\)](#)

- CRP1: Act as a responsible and contributing citizen and employee
- CRP3: Attend to personal health and financial well-being.
- CRP4: Communicate clearly and effectively and with reason.
- CRP5: Consider the environmental, social and economic impacts of decisions.
- CRP6: Demonstrate creativity and innovation.
- CRP7: Employ valid and reliable research strategies
- CRP8: Utilize critical thinking to make sense of problems and persevere in solving them.
- CRP9: Model integrity, ethical leadership and effective management.

## Unit 2

### Creating in Vocal Music

#### Summary and Rationale

##### Unit Summary

The material content covered in this unit includes the systematic development of vocal technique, sight reading skills, music theory, composition, and ensemble skills necessary to achieve the level of **advanced** as outlined in the NJSLC Creating artistic process.

The students will develop musical and choral skills throughout the year to reach proficient level with the artistic processes of creating and performing original music and ideas.

##### Unit Rationale

When choral students explore the artistic process of creating music, including improvising, composing, and refining musical decisions they are empowered to develop creative and critical thinking, social-emotional competencies, and intellectual and expressive abilities.

**Objectives (SLO)**

Students will know:

Students will be at to:

**Music Theory**

- How to reinforce their understanding of the fundamentals of musical notation and musical modes.

**Composition and Improvisation**

- How to compose and/or improvise melodies given tonal, metric, and durational parameters.

**Musical expressive devices and technique**

- How to recognize and perform common musical expressive devices.
- How to build a healthy vocal technique through the usage of musical expressive devices.

**Phrase Shape**

- How to use phrase shaping to magnify the natural inflection of any language in their musical repertoire.
- How to magnify the natural arsis and thesis in the text(s) studied for performance.

**Ensemble Skills**

- How to recognize the role of both the individual and the ensemble at large when rehearsing and performing.
- How to adapt, contribute and respond to various musical textures that are presented in a vocal ensemble.

**Poetic Analysis**

- How to analyze a poem and speak intelligently about poetic structure, feet, and form.

**Text/Music Connection**

**Music Theory**

- Identify fundamental musical notation (duration, pitch, clef, key signatures)
- Identify the major and minor circle of fifths
- Identify and perform using major, minor, mixolydian, and lydian modes

**Composition and Improvisation**

- Compose and/or improvise melodies given tonal, metric, and durational parameters.

**Musical expressive devices and technique**

- Perform common musical expressive devices (crescendo, decrescendo, sforzando etc.,)
- Recognize notated expressive devices while building healthy vocal technique

**Phrase Shape**

- Magnify natural inflection of any language in their musical repertoire
- Recognize how natural tendencies when speaking a phrase of text translates into a sung melody.
- Craft melodies that include the natural arsis and thesis of text.

**Ensemble Skills**

- Recognize one's role within the ensemble and the relationship to the surrounding musicians.
- Understand the musical textures of a vocal ensemble and become equipped to contribute and respond to the section(s).

- How to connect emotive ideas and artistic concepts that are represented textually using personal musical realizations.

**Vocal Health**

- How to engage and practice with good vocal health.

**Poetic Analysis**

- Analyze a poem and speak to the poetic structure, feet, and form.

**Text/Music Connection**

- Make connections between emotive ideas and artistic concepts represented textually with their musical realizations.

**Vocal Health**

- Engage and practice good vocal health.

- Allow the use of Google Translate where appropriate.

- Provide alternate ways for the student to respond (verbal/pictographic answers instead of written)
- Provide model sentence frames and sentence starters for both oral responses and written responses
- Provide additional time to complete assessments and assignments
- Model and use gestures or visuals to aid in understanding
- Present instructions both verbally and visually
- Simplify written and verbal instructions
- Speak clearly and naturally, and try to enunciate words, especially their ending sounds.
- Provide Visual, Graphic, Interactive, and/or Sensory Supports
- Simplify the language, format, and directions of the assessment
- When showing videos, use Closed Captioning.
- Support use of student's primary language by translating key words in directions, or key vocabulary terms or giving students opportunities to communicate in their primary language (written or orally)

Gifted and Talented/Enrichment - Utilize differentiation in the areas of acceleration, enrichment, and grouping. Examples specific to performing arts practice include, but are not limited to:

- Complex, in-depth research assignments
- Independent study where applicable
- Provide a variety of individualized work centers or student choice
- Lead demonstrations for class
- Create additional project(s) in a different medium, exploring a different technique, style, or subject.
- Individual presentation
- Multiple mediums in project

## Unit 3

### Connecting in Vocal Music

#### Summary and Rationale

##### Unit Summary

The material covered in this unit will bring forth student personal experiences, interests and their knowledge of concepts in order to connect to music at the **advanced** level.

The students will make connections, explore and develop proficiency at the **advanced** level in the following areas of choral music and personal vocal study:

- Practice
- Poetic and Text Analysis
- Listening and Analysis
- Phrase Shape
- Energy and Vitality
- Embodying the Music
- Ensemble Awareness
- Independent Expression
- Vocal Health

##### Knowledge and Connection to the Music Literature

- Major historical time periods (Medieval, Renaissance, Baroque, Classical, Romantic, Contemporary) and their characteristic traits in relation to the chosen repertoire.
- Characteristic traits of music from various cultures (African, Asian, Hispanic, etc.) in relation to the chosen repertoire.
- Characteristic traits of music from various genres (e.g African American spirituals, jazz, opera, show tune etc.) in relation to the chosen repertoire.

##### Unit Rationale

When choral students see themselves reflected in their creating, performing, and understanding of music, it enables them to have meaningful experiences as musicians and take ownership of their craft.

**Objectives (SLO)**

Students will know:

Students will be at to:

**Practice**

- A healthy and consistent work ethic can be cross curricular in the way it is implemented and managed when done effectively.

**Practice**

- Relate the process of regular vocal practice and resulting improvement with the experience of diligent work in other areas of their lives.

**Poetic Analysis**

- Understanding and drawing connections to poetic text(s) is an integral part of the choral ensemble experience and is essential to proper performance practices.

**Poetic Analysis**

- Analyze a poem and speak intelligently about poetic structure, form and composer’s process.

**Listening and Analysis**

- Being able to listen to, analyze and connect to a work of music and its background will enhance the performer and audience member experience.

**Listening and Analysis**

- Connect musical works to historical backgrounds, time periods, images, stories, or personal experiences.
- Engage in thoughtful discussions regarding social, historical, and personal implications of music and how it connects to other disciplines.
- Critically listen to and analyze music to help develop a concept of individual and ensemble tone.

**Phrase Shape**

- Proficient choral singers know how to magnify the natural inflection of any language in their music line.
- Language may require performers to become aware of how their natural tendencies when speaking a text translate in sung melody.

**Phrase Shape**

- Magnify the natural inflection of any language in their musical line.
- Become aware of how texts translate into sung melodies.
- Learn and implement basic rules of diction and articulation.
- Magnify the natural arsis and thesis in texts.

**Energy and Vitality**

- Energy and Vitality are essential for successful performances.

**Energy and Vitality**

- Implement and consistently produce an energetic and healthy sound when singing.

**Embodying the Music**

- Properly performing a work of music requires both vocal technique and ability as well as a greater understanding of the impulse and message so that the body can too be engaged.

**Embodying the Music**

- Guide themselves through an exploration of the human impulse behind each piece of repertoire rehearsed.

**Ensemble**

- Being aware and accountable for oneself and the ensemble will greatly increase the overall

performance experience and connecting process.

### **Independent Expression**

- In order to authentically deliver a musical line the way the composer intended, we must first make observations and draw connections from them.

### **Vocal Health**

- Vocal health and having proficient knowledge of posture, vocal range, breath support etc., is imperative to creating a healthy sound and connecting to the music, audience and other members of the ensemble.

- Explore connections between the impulse in repertoire and their own personal experience and knowledge.
- Discuss how the message of a piece should be conveyed through sound and body language.

### **Ensemble**

- Incorporate a constant awareness of the changing nature of one's role within the ensemble and the relationship to those around them.

### **Independent Expression**

- Independently make observations about music and verbally share their understandings in the delivery of their musical line.

### **Vocal Health**

- Understand and apply knowledge of health vocal practices as an individual and ensemble performer.
- Maintain a consistent and properly supported airflow during phonation.
- Explore and understand the extremes of vocal ranges.
- Display proper posture and explain the importance in executing a strong and healthy tone.
- Understand the role of nutrition and ailments of the body as it relates to the vocal cords and entire singing mechanism.

## Unit 4

### Responding in Vocal Music

#### Summary and Rationale

##### **Unit Summary**

Students will learn criteria for selecting music, interpreting musical expression, responding to music, and evaluating a composition or performance at the **advanced** level.

Students will build vocal technique, sight reading skills, and explore different forms of musical expression through teacher chosen exercises and repertoire. Regular performances for audiences of peers, family, and community members provide students with an opportunity for reflection on their progress in the realms of vocal technique, musical literacy, and musical expression.

Students will make connections and explore the following areas of choral music and personal vocal study:

- Musical Elements
- Poetic and Text Analysis
- Blend and Balance
- Phrase Shape
- Independent Musical Expression
- Ensemble Awareness & Expression

##### **Unit Rationale**

When students respond to musical compositions and performances in a variety of musical genres, they deepen their own understanding and musicianship.
