

John H. Walker Middle School

January 2020

Dear Parent/Guardian:

New Jersey State Law mandates that we conduct a spinal screening program to detect possible problems in students ages 10 to 18 (7th grade only). A school physician, school nurse, physical education instructor or other school personnel properly trained in this process may conduct screenings.

If you feel your physician is doing this and would like to have your child excused, please write your school nurse a note to that effect. If you have any questions, please feel free to call me or your school nurse.

Sincerely,

Tracy Egan
Principal
